

BioActivated Calcium

For bone health and strength

Pack Size: 240g natural vanilla flavoured powder.

Dosage: Mix 6g into water or your preferred beverage and consume immediately, 1–2 times daily, or as directed by your healthcare practitioner.

Storage Guide: Store below 25°C in a cool, dry place. Dispense powder with a dry spoon and replace lid securely after use.

Warnings: Vitamin and/or mineral supplements should not replace a balanced diet. If symptoms persist, talk to your health professional. Contains boron. Not to be taken by children under 2 years old. Contains magnesium, which may have a laxative effect or cause diarrhoea.

Often used in conjunction with:

- BioActivated Magnesium
- Collagen Matrix
- Minerva
- Natal Care
- Phyta D
- Silicium

Product Indications:

- Supports bone strength and assists healthy bone development
- Calcium, magnesium, vitamin D and lysine support muscle health and function
- Magnesium acts as an antispasmodic and helps support healthy muscle contraction function
- Vitamin C, lysine and manganese support collagen formation and joint cartilage health
- Calcium and vitamin C support healthy teeth
