

Joint Tissue Support

A Targeted Formulation of Glucosamine, Chondroitin, Amino Acids and Trace Minerals

A targeted formulation that combines vitamins, minerals and key essential nutrients. It helps support joint cartilage, healthy bones and teeth, connective tissue and collagen production.

Orthoplex Green Joint Tissue Support also contains antioxidants to reduce free radical formation and damage in the body.

- ✓ **Gluten Free**
- ✓ **Dairy Free**
- ✓ **Soy Protein Free**
- ✓ **Egg Free**

Indications

- Supports collagen formation
- Maintains connective tissue formation and healthy teeth and bones
- Supports skin integrity and wound healing in healthy individuals
- Reduces free radical production

Manufacturing Excipients: Betacarotene, citric acid, colloidal anhydrous silica, tropical flavour, fruit punch flavour, malic acid, *Stevia rebaudiana* leaf extract, tapioca starch.

Incidental Excipients: Ascorbyl palmitate, gelatin, mixed (low-alpha type) tocopherols concentrate, potable water, silicon dioxide, soya oil, sucrose.

Warnings: This product contains selenium which is toxic in high doses. A daily dose of 150 micrograms for adults of selenium from dietary supplements should not be exceeded. Not recommended for use by pregnant or lactating women. Each adult dose contains 77.5mg of potassium. If you have kidney disease or are taking heart or blood pressure medicines, consult your doctor or pharmacist before use. Keep out of reach of children. Vitamin, mineral and nutritional supplements should not replace a balanced diet. If symptoms persist, talk to your health professional. Seek professional advice before long term use. Contains crustacean products and sulfites.

Contraindications*:

Medications: Warfarin, Levodopa.

Pregnancy and lactation: Not suitable.
